

TOUR OF THE WESTERN SPIRIT

Scottsdale's Museum of the West ~ Friday August 2nd

Western Spirit Museum celebrates the art, history and unique stories of 19 states in the American West, Western Canada, and Mexico. The two-story, 43,000-square-foot museum is an architectural gem that meets the highest standards for sustainability and conservation of natural resources. The rotating exhibitions feature hundreds of Western artworks and rare historic artifacts on loan from some of the world's foremost collectors and institutions.

Western Spirit has been a Smithsonian Affiliate since 2015. *True West Magazine* has named *Western Spirit* "The Nation's Best Western Museum."

Due to its proximity to the Embassy Suites, we can utilize the hotels shuttle service for transportation to and from the Muesum. This allows us to keep the tour at a very reasonable cost. At the museum we will break into groups of 15-20. Each group will have their own docent.

After the business session for Friday morning closes, enjoy lunch in the Hotel or snacks/finger food in the Hospitality Room before boarding the bus for the tour. Tour time to be announced.
